COVER LETTER

Welcome to My Profile,

Where creativity knows no bounds and innovation is our driving force. I'm Shifullah is a versatile professional with a penchant for bringing ideas to life through design, technology, and a relentless pursuit of excellence.

A Journey of Passion and Growth

From the vivid dreams of childhood to the bustling marketplace of today, my journey has been one of unwavering dedication and continuous learning. My affair with the world of computer design electronics started early, sparking a fire that led me to become a seasoned freelancer. Since 2015, I've successfully navigated the intricate landscapes of both virtual and physical workspaces, honing my skills and embracing each challenge as an opportunity for growth.

Crafting Artistry with Pixels and Code

As a graphic designer, I embarked on this creative voyage while working amidst the vibrant energy of Singapore. Armed with nothing but YouTube tutorials and a heart full of determination, I delved into the art of design, my very first earnings stemming from a triumphant logo design contest. Returning to my roots in Bangladesh, I augmented my innate talents with a formal graphic design course in Dhaka, setting the stage for a professional journey that knows no boundaries.

Diverse Skillset, Singular Focus

My quest for mastery led me beyond the realm of graphic design, encompassing the multifaceted worlds of website design, video editing, and SEO. Today, I stand proud as a visionary creator, proficient in transforming concepts into visually stunning realities. From captivating websites that enthrall users to videos that evoke emotions and messages that resonate, my repertoire is a symphony of creativity and technical finesse.

Beyond Boundaries, Above Expectations

SaifBrand extends far beyond the confines of conventional marketplaces. With numerous victorious contests and a coveted level one seller status on Fiverr, I'm not just a freelancer; I'm a reliable partner in your creative journey. At RoarIT, I orchestrate website development, video editing, and graphic design, weaving seamless experiences that leave a lasting imprint.
